Rowan-Cabarrus Community College
Nursing Programs

Library Project

Name: _____________________________________

1. Select a **specific** topic that relates to the **general** group project subject area to which you have been assigned.

   Topic selected: ____________________________

2. Access 2 articles from professional journals about your topic using PubMed. Each article should be from a **different year or journal**, within **the last 5 years**. Cite URL of articles here. Make sure that you double check your hyperlink. If you can’t pull it up, your instructor can’t either.

3. Find two articles from professional journals about your topic using ProQuest Nursing & Allied Health Source. Each article should be from a **different year or journal**, within **the last 5 years**. Cite URL of articles here. Make sure that you double check your hyperlink. If you can’t pull it up, your instructor can’t either.

4. Access 2 articles from professional journals about your topic using ProQuest Health & Medical Collection. Each article should be from a **different year or journal**, within **the last 5 years**. Cite URL of articles here. Make sure that you double check your hyperlink. If you can’t pull it up, your instructor can’t either.

5. Compare the 3 sources:

   (worst) 1 2 3 4 5 (best)

   A. Ease of Access *(Highlight your answer)*

      1. PubMed  1 2 3 4 5
      2. ProQuest Nursing & Allied Health Source  1 2 3 4 5
      3. ProQuest Health & Medical Complete  1 2 3 4 5

   B. Level of satisfaction with information available *(Highlight your answer)*

      1. PubMed  1 2 3 4 5
      2. ProQuest Nursing & Allied Health Source  1 2 3 4 5
      3. ProQuest Health & Medical Complete  1 2 3 4 5
C. What did you LIKE about:
   1. PubMed
   2. ProQuest Nursing & Allied Health Source
   3. ProQuest Health & Medical Complete

D. What did you DISLIKE about:
   1. PubMed
   2. ProQuest Nursing & Allied Health Source
   3. ProQuest Health & Medical Complete

6. List **4 nursing journals** carried by the RCCC library (physically available in the Library at NCRC).
